Wellbeing

the Many, Not

Offering employees the opportunity to work remotely isn't the only way to enable people to work flexibly and balance work and home. For roles that need to be done in the workplace, offer staggered start and finish times, more flexible scheduling, and understand the priorities people have to balance in order to get their work done.

long term and employers must lead this charge. When stress is on the rise and the number one concern on the minds of many workers is losing their jobs, strong remote leadership, transparent frequent communication, and a culture that is fit for the hybrid work /home workplace and accessible wellbeing support is key.
