#### know workers have wanted all along - more flexible, more virtual, more trusting and allowing people to better blend work and home, while allowing organizations to tap talent that can work from wherever. Tasks we thought could never be done remotely have Ask Why. transformed overnight – closing the books, payroll, Why Return? customer service and even information security - so now is a good time to be asking why return in order to be planful and fair. What do managers need to lead remotely? How can workers be more productive at home? Help managers understand individuals' needs to avoid assumptions and prevent unconscious biases in playing out. Skills are Evolving -Prepare for

that Reality

Flexibility &

Balance for

the Few

the Many, Not

The skills employers need in the future will be different to the past. Encourage all of the workforce to reskill and engage in continuous learning, not just those who would have upskilled anyway. Encourage remote learning and support workers to reclaim their commute with curated learning opportunities aligned to the skills your business needs.

Build

& The

Resilience -

**Organization** 

In People

Feelings of isolation, stress, fear and anxiety will be a COVID-19 legacy, and so too will be our reflections on the value of health, wellbeing, family and community. Prioritize emotional wellbeing with the same importance as physical and organizational measures like temperature taking and social distancing, to ensure people are confident, healthy and productive.

Offering employees the opportunity to work

order to get their work done.

remotely isn't the only way to enable people to work

flexibly and balance work and home. For roles that

need to be done in the workplace, offer staggered start and finish times, more flexible scheduling, and

understand the priorities people have to balance in

initial adrenalin of workers needs to shift to resilience for the long term and employers must lead this charge. When stress is on the rise and the number one concern on the minds of many workers is losing their jobs, strong remote leadership, transparent frequent communication, and a culture that is fit for the hybrid work /home workplace and accessible wellbeing support is key.

Companies need to build trust, listen to people, and respond

to their needs and help workers prioritize and recharge. The
