learning and support workers to reclaim their commute with curated learning opportunities aligned to the skills your business needs. Offering employees the opportunity to work

remotely isn't the only way to enable people to work

flexibly and balance work and home. For roles that

need to be done in the workplace, offer staggered start and finish times, more flexible scheduling, and

understand the priorities people have to balance in

order to get their work done.

Tasks we thought could never be done remotely have

Physical & **Emotional** Wellbeing = New Health & Safety Build

Feelings of isolation, stress, fear and anxiety will be a COVID-19 legacy, and so too will be our reflections on the value of health, wellbeing, family and community. Prioritize emotional wellbeing with the same importance as physical and organizational measures like temperature taking and social distancing, to ensure people are confident, healthy and productive.

initial adrenalin of workers needs to shift to resilience for the long term and employers must lead this charge. When stress is on the rise and the number one concern on the minds of many workers is losing their jobs, strong remote leadership, transparent frequent communication, and a culture that is fit for the hybrid work /home workplace and accessible wellbeing support is key.
